

8122 / 8124. BREATHING AIR HOSE \varnothing 10/18 with fittings MF

For connection between blasting hood and airline filter . Characteristics / Special thick-wall hose made from non-toxic materials. Thick-walls prevents the hose from buckling and pinching.

- Tube : NR / SBR smooth black antistatic
- Reinforcement : high tenacity synthetic folds.
- Cover : SBR smooth blue.
- Temperature : - 25 ° to + 80 ° C.
- Pressure : 20 bar
- P.L.N.E Coef - ISO 1307 standard. 3 to 20 ° C

8120 / 8121. BREATHING AIR HOSE \varnothing 10/18.

For connection between blasting hood and airline filter . Characteristics / Special thick-wall hose made from non-toxic materials. Thick-walls prevents the hose from buckling and pinching.
