

8320 / 8321. HOSE FOR COMPRESSED AIR ø19/29 WITH FITTING.

**hose for compressed air compressors, pneumatic tools, etc ...
inner tube SBR black smooth, reinforced synthetic high tenacity folds.**

- Tube: NR - SBR black smooth.
- Equipped with express connections.
- Temperature: - 30° + 70°C.
- Pressure: 20 bar
- ISO 1307 - P.L.N.E Coef 3 à 20°C

8313 / 8332. HOSE FOR COMPRESSED AIR ø1/2" à ø1"1/4.

**Hose for compressed air, compressors, pneumatic etc ... For use in industry.
Suitable for the delivery of lubricant-laden compressed air and water at pressure of 20 bar.**

- Tube: NR - SBR black smooth.
- Reinforcement: high tenacity synthetic folds.
- Cover: SBR smooth black.
- Temperature: - 30° + 70°C.
- Pressure: 15 bar

Warning compressed air hose 32 x 43 (1"1 / 4), 10 bar
