

Post-Cab

Equipment for Shot blasting / corundum / microbeading

with recycling, cleaning and storage of abrasive
With sandblasting and equipment

Our offer includes, according to our technological characteristics:

1. A recovery hopper with grating including:

- Recovery hopper with grating and flow control,
- capacity of 400 liters,
- Recovery area of 1.5 m².

2. A bucket elevator including:

- monobloc steel structure thickness 5 mm shielded special abrasive,
- special belt thickness 10 mm with steel buckets,
- strap fastener special corundum,
- upper drum, with tensioning device,
- Siemens motor by 1.5 kW motoreductor.

3. An abrasive dust separator including:

- monobloc steel structure thickness 10 mm shielded special abrasive,
- static dedusting by ventilation through baffles,
- cleaning of the abrasive at 3 levels: fine, medium and large,
- evacuation of heavy dust with dust bucket.

4. An abrasive stock comprising:

- capacity under load: 1500 liters,
- sanding time of 6 to 12 hours,
- closing flap.

5. Sandblaster 200 liter including:

- industrial sand blasting machine with sieve and lid,
- electrical remote control,
- 20m sandblasting lance with boron or tungsten nozzle ø 6 to 14,
- Abrasive metering valve with rubber diaphragm.

6. An air distributor including:

- sand air supply by solenoid valve and regulator,
- decompression of sandy air by rubberized pneumovan,
- helmet supply with 20m hose,
- a high flow ø 8 blower with 20m of hose.

7. Equipment for sandblasting comprising:

- dual-stage air filter,
- panoramic helmet
- Vortex air conditioner in steel (hot air or cold air),
- leather suit and gloves special sandblasting

8. Services including:

- complete documentation,
- wear parts for 1 year,
- all consumable and sandblasting part in stock delivered under 24/48 h.

9. Commissioning including:

- pre-assembled and factory tested equipment,
- unloading by forklift truck 2t,
- Easy and fast installation and start-up in 4 hours.

10. Warranty:

Manufacturer: **5 years** parts

Sandblasting installation: Post-Cab

Amount of supply (excl tax) ex works: **19 500 €**

Options:

- electrical box (380 V and 24 V): 2 925 €

Payment terms: 100% upon order via bank transfer

Delivery time: Available (subject to prior sale)

Commissioning time: 4 hours (electrical and pneumatic connections)

Offer validity: 3 months

Estimated time of mounting and connections: 4 hours (with suitable handling means).
